## High-vis shirt, long sleeves, ARC protection (APC1)

068VA2PIC

Feel comfortable and safe in this hi-vis shirt with arc protection. The light fabric is not only flame retardant and anti-static, but has good moisture-regulating properties. The shirt is fitted with welded, segmented reflective tape to increase your visibility. The flaps of the two patched chest pockets are finished with a contrasting colour piping and give the shirt a fashionable look.

- Inherently flame-retardant

Modification date: December 3, 2025 10:10 AM
