Dust-proof and portable iBox

SAFETY AT WORK

Plum iBox is balancing key features in a modern design and is built in a strong and durable material. See-through window lets you keep track of expiry dates immediately. Release Plum iBox from the wall and quickly bring the first aid to the injured person.

PRODUCT FACTS & BENEFITS

- Clearly visible bottles
- Quick and efficient overview of expiry dates and product condition
- Dust-proof box - IP55
- Grab from the wall bracket and quickly bring to injured person
- Spacious design lets you grab bottles fast and easy
- Easily opens - mounted on the wall or standing on the floor
- Strong and durable material (EPP)
- Delivered with wall bracket, wound and eyewash plan, instruction for use plan (for BodyNeutrAll), and wall mounting set

An empty station customised to your workplace risks

Equip an empty Plum iBox with the wound and eyewash solutions that best correspond to the potential hazards in your working environment

Choose Plum Wound and Eyewash 0.9% Sodium Chloride where there is a risk of injuries from dust, dirt, or other foreign objects. Choose Plum Wound and Eyewash pH Neutral 4.9% Phosphate where there is a risk of exposure to acids or alkalis.

You can also choose a box containing a combination of wound and eyewash solution and Plum BodyNeutrAll, which is a decontamination spray meant for first aid after contact with dangerous substances such as oxidizing agents, acids, bases, aldehydes, hydrofluoric acid, and fluorides. This is intended for use on bodies, non-injured skin, clothing and surfaces.

Plum iBox is designed to fit your needs.
